Job Description

Our client, a major pharmaceutical company in Indonesia, is seeking an employee to be placed in their Jakarta office with the following job duties:

- Developing innovative designs for a variety of print and digital materials, including brochures, advertisements, presentations, social media assets and more
- Collaborating with cross-functional teams to understand their design needs and translate them into visually compelling solutions
- Maintaining brand consistency across all design assets and ensuring they adhere to our brand guidelines
- Staying up-to-date with the latest design trends and techniques to continuously improve the quality and impact of your work
- Working efficiently to meet tight deadlines and manage multiple projects simultaneously

Education & Experience

Bachelor degree in Graphic Design, Visual Communication or a related field At least 1 year of professional experience as a Graphic Designer, ideally within the FMCG or OTC / Pharmacy industry Expertise in using design software such as Adobe Creative Cloud (Photoshop, Illustrator, InDesign, After Effects) Strong conceptual and creative thinking skills, with the ability to translate ideas into visually striking designs Excellent attention to detail and a keen eye for typography, layout and colour Effective communication and collaboration skills to work seamlessly with cross-functional teams A portfolio showcasing a range of design projects that demonstrate your versatility and design flair
